

## COMPANY PROFILE

Kazed Industrial Solutions is Australia's leading supplier of Industrial handrail fittings which can be found in various applications such as Guard railings, Safety barriers, Handrails, Balustrades, Racking and Roof Edge Protection. Established in 2004, the range has expanded from the original modular fittings concept into a portfolio of diverse safety & labour saving solutions for industry.

Since establishment, the company has offered professional engineering services to a wide variety of clients throughout Australia. We have rapidly grown to become the supplier of choice for many of the leading Australian construction, infrastructure & manufacturing companies. Our products can be found in many diverse industry sectors such as Mining, Building & Construction, Transportation, Ship Building, Defence, Offshore Platforms, Power Generation and Water Utilities to name a few. We have become widely known for our willingness to take on the most challenging work and delivering results for our customers.

With a strong customer focus and commitment to quality and on time delivery, we continuously strive to develop our extensive range of equipment and techniques by which we have earned our high reputation.
